## Taste of Technology

Job Skills Overview!

State of the art technology, Internet access, assistive technology and connections with regional employers are just a few highlights of the Academy's 3-month, 9-month, and 12 to 18-month customized employment and clerical training programs.

On Fridays we offer FREE *Taste of Technology* open house tours.

All are welcome!

If you are interested in learning more about The Academy, you are invited to attend one of our *Taste of Technology* (TOT) open houses. Beginning at 10:00 AM on Friday mornings, prospective students, friends, employers, and others **who want to explore the power of technology** meet to experience what *The Academy* has to offer.

10:00-11:00 AM Enjoy doughnuts and coffee while meeting with instructors and other TOT guests to get an overview of The Sierra Group Academy program. Explore your employment goals and how the Academy's customized program builds your skills towards these goals.

11:00-12:00 AM Guided by instructors, see a demonstration of the assistive technology and other office technology supported at the Academy. Learn how customization of these tools can help move you towards an employment goal.

12:00-2:00 PM A complimentary lunch is served and computers are available for general use. For those interested in brainstorming about the next steps in their lives and learning how education and technology play a part in their plan, free Individual Career Exploration sessions are conducted. This is an important step to take to consider your skills and narrow down your vocational and life goals.

A reservation to these events is requested. Contact us at 267-765-1507 to reserve your space. We will be happy to assist with any accommodations that you or a member of your party may need when you visit – just make sure to tell us when you call.

Call us at (267) 765-1507 for more information and to reserve your space. Come and enjoy a Taste of Technology with us! Refreshments will be served, resources will be shared and complimentary One-to-One career discussions with our instructional staff will be provided to all registered guests!
